1. Logistics: ( ) DOWNGRADE TS to ( ) S or ( ) C, OADR

- Jim Manning, Eshaq and Katherine are going to choose a hotel this afternoon. Eshaq will move into it immediately. My idea is to ask General Roberts if he will detail one of his CFA staffers to work with Eshaq full time. This will ease Eshaq's work and will give us a knowledgeable liaison person to work with. Diane Kelly strongly favors this idea. Do you?

- Jim says that SY will support the visit. This means the party will have protection and one SY limousine at its disposal. SY needs a memo. A text is attached. I will sign it on RWM's behalf and give it to SY tomorrow if I don't hear from you, Robert.

- S/CPR will provide a second limousine.

- Jim recommends that, in addition to the room we reserve for each party, we also take a larger room (suite?) suitable for press interviews etc. I agreed with this suggestion.

2. Receiving the party: Jim says the level of the official who receives Rabbani is very important to the image we project of the visit. I recommend that Mike Armacost receive the group at the airport and perhaps escort them on major calls. What do you think?

3. 7th floor lunch: I need a decision from you, Andrew, as to whether Mike or Whitehead gives this lunch. We will need to introduce the concept to the embassies etc.

4. Congress: You, Robert, were going to give Wilson and I believe Humphrey a "heads up." Has this been done? We need to start planning with Wilson.

5. Substantive items:

- Action memo to the Secy - I will get this up today.
- Scope paper: What do you think of the outline, Robert?
- Telegram stressing importance of visit to Pakistanis. I will get this up tomorrow.
- Telegram on senior-level dialogue with the resistance. I will get this done tomorrow.

6. Assignment of papers by S/S: The list S/S-S and I did in April is attached. Have you spoken with Ken Quinn, Andrew?
